Integrated Lockstitch Buttonholing

JK-T781E

# JK-T781E

JK-T781E is driven by servo motor, with features such as automatic presser foot lifter and automatic thread trimmer, high efficiency and excellent sewing quality, makes the machine capable for various kinds of knitting and woven fabrics like shirt, T-shirt, and uniform.

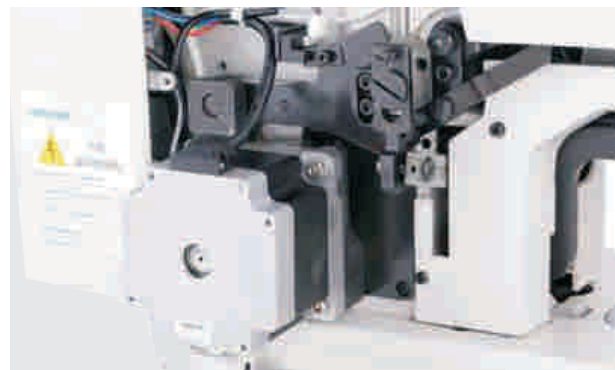

## Advantages

### 1 Integrated Power Saving

Integrated servo motor, with advantages like low vibration, low noise, high efficiency and excellent sewing quality.

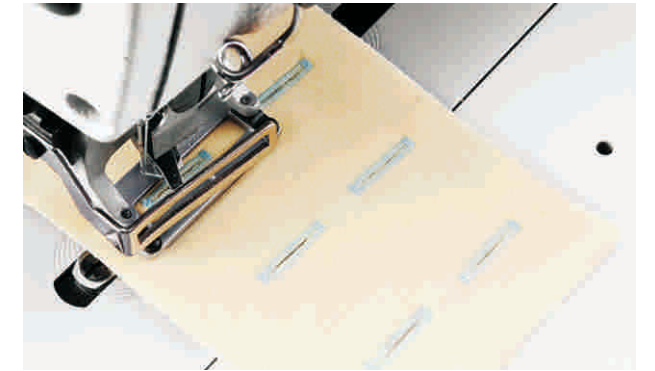

### 2 Automatic Presser Foot Lifter

Improves work efficiency and reduces labor intensity greatly.

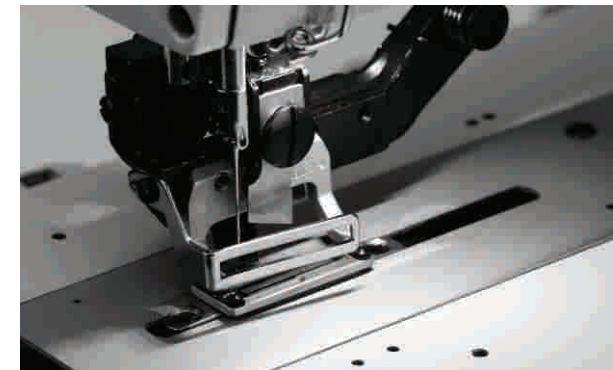

### 3 Operation Panel Easy to Operate

Function such as speed is easy to adjust, makes every operation comfortable.

### 4 Beautiful Stitches

Suitable for both knitting and woven fabrics like shirt, T-shirt and overalls.

### 5 LED Light

Convenient and comfortable for operation.

### 6 Hand Wheel with Cooling Fan

Optimized hand wheel with cooling fan, reduces temperature.

## Technical Parameters

		 (mm)						 (mm)	 (S.p.m)	 (mm)	 NW/GW (kg)
